

Internet safety.

How certain are you about the safe use of the internet, especially social networking sites.

I have recently been on a course which shocked and surprised me, it is amazing how easily a person whose intentions are NOT good can make friends with a child.

We intend to hold one of these information sharing sessions at school. To make sure as many as possible attend I would be grateful if you could fill in this form

NAME: _____

Parent of _____

Please tick

	YES	NO
I would attend this session		

The best time for me is

During the school day	
As school finishes	
Early evening	

Please return this form by Friday 12th February so that arrangements can be made.

Many thanks

D.Williams Headteacher
